

kitchens

THE KITCHEN IS THE BUSIEST ROOM IN MOST HOMES; A PLACE FOR CHILLING OUT AS WELL AS WASHING UP; WHERE MEALS ARE ENJOYED AS WELL AS PREPARED. THAT'S WHY, WHEN CREATING YOUR NEW KITCHEN, YOU NEED TO THINK ABOUT HOW IT WILL WORK AS WELL AS CONSIDERING STYLES AND COLOURS. EXPERT ADVICE IS ESSENTIAL, AND INVOLVING A SKILLED TRADE PROFESSIONAL WHO WORKS WITH MAGNET TRADE IS THE PERFECT WAY TO BEGIN.

kitchens at a glance

WHICH IS YOUR STYLE?

THE KITCHEN COLLECTION

Think about the feel you'd like your kitchen to epitomise: are you looking for the charm of a rustic cottage, the warm family atmosphere of a suburban home, or the cool contemporary vibe of a city apartment? Answering such questions will help you work out whether your style is traditional, contemporary or modern.

Remember, there are no hard and fast rules when it comes to kitchen design. With the help of our free design and planning service, a contemporary kitchen can look great in a Victorian terrace for example.

There's one thing you can be absolutely certain about. Whatever your taste, there's a Magnet Trade kitchen that will complement your home perfectly. And be sure to talk to your Trade Professional about making your new kitchen as individual as you are.

CONTEMPORARY

Clean lines, cutting-edge design, urban chic... If these are the buzzwords that get you excited, our range of contemporary kitchens is likely to include your favourite.

MODERN

Classic stylings, perfect for today's family home and versatile enough to blend in with changing decor or a mixture of furniture styles.

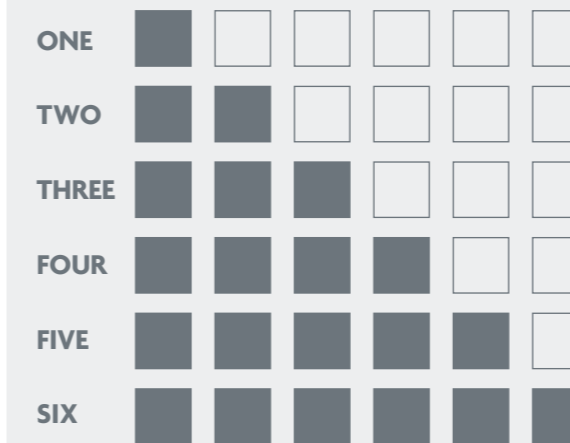

TRADITIONAL

If a country cottage or period property is your ideal, start your search with our elegant selection of traditional kitchens.

KEEPING YOUR DREAMS WITHIN YOUR BUDGET

There are no prices in The Book, but naturally you'll have a pretty good idea about the budget you have in mind for your new kitchen. As there is such a wide range of designs to choose from, we've developed a handy at a glance budget guide, which will help you identify the perfect kitchen to suit both your budget and style requirements.

Each kitchen featured in The Book has a budget rating which ranges from a scale of one to six.

One indicates practical, hard working slab door designs - ideal for a utility room.

Kitchens with a six are of the highest specification designs - with luxury features such as framed door fronts, solid timber doors or a bespoke handpainted look.

As always, speak to your Trade Professional for precise pricing and budget advice.

THE SHOWROOM COLLECTION

Our Showroom Collection brings grand designs within your grasp. Perfect if you've set your heart on a true style statement.

With even more design possibilities, you'll discover a wealth of different appliances, cabinets and accessories, so you'll be truly spoiled for choice.

All the more reason to take advantage of your Trade Professional's expertise and experience to get guidance on budget options for these individual ranges.

kitchen specifications

When assessing kitchens for quality and price, it's important to compare like with like. Always ask whether a kitchen is rigid construction or flat pack before making any decisions. Magnet Trade kitchens are never flat pack but always rigid construction.[^] This means that the cabinets arrive in your home already built by craftsmen in our own UK-based factory, working to exacting standards with immense attention to detail using only high grade materials. That's why we are able to back every one of our kitchens with a 15-year guarantee that's as rock solid as they are.

STANDARD CABINET OPTIONS

STANDARD WHITE

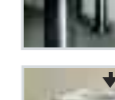

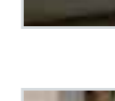

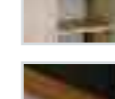

-  Cabinets are manufactured with a durable 18mm mfc; floor unit front and back rails are 22mm thick for additional rigidity.
-  Sturdy clip-on hinges by Blum make it easy to remove and replace doors for perfect alignment.
-  All drawers are metal sided as standard with smooth roller runners.
-  The majority of our base units have height-adjustable legs to cope with uneven floors.
-  Our standard floor units have backboards to facilitate pipe work and plumbing. They also have open tops for simple installation of worktops, sinks and hobs.
-  All units are supplied with shelves that are adjustable to three positions.* Shelves feature a silver colour ABS thick edge which both protects and maintains the aesthetic appearance of your cabinet for years to come.
-  Clip-on plinths are available for a neat finishing touch.

SOFT CLOSE CABINET OPTIONS

Magnet Trade offer a selection of soft close cabinets. These come as standard on Princeton and Kendal ranges and are available on request on most other ranges.

SOFT CLOSE WHITE

-  Soft close cabinets are manufactured as standard cabinets, but are also available in white or birch.
-  Sturdy clip-on hinges as standard cabinet options plus Blum soft close drawer system incorporated.
-  The Blum soft close tandembox which reduces slamming and trapped fingers.
-  The majority of our base units have height-adjustable legs to cope with uneven floors.
-  Our standard floor units have backboards to facilitate pipe work and plumbing. They also have open tops for simple installation of worktops, sinks and hobs.
-  All units are supplied with shelves that are adjustable to three positions.
-  6a. White cabinets feature shelves with a silver colour ABS thick edge which both protects and maintains the aesthetic appearance of your cabinet for years to come.*
-  6b. Birch cabinets feature a colour coordinated birch front edge.
-  7. Clip-on plinths are available for a neat finishing touch.
-  8. Complimentary cover caps finish the internal cabinet appearance.

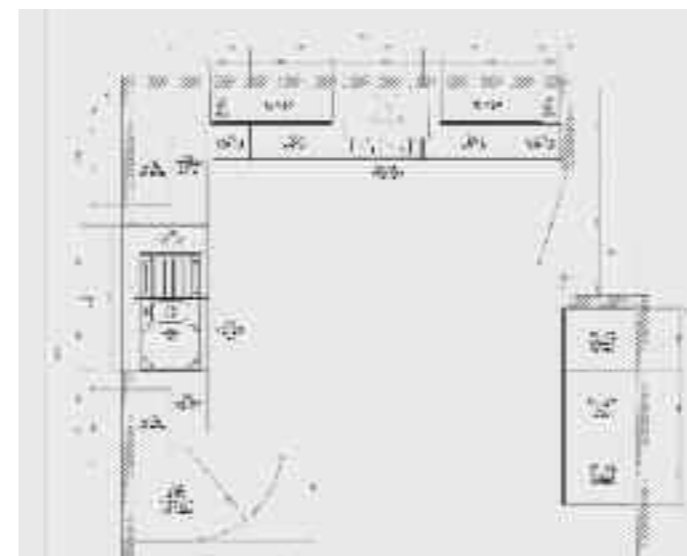

SOFT CLOSE BIRCH

* Glazed units are supplied with glass shelves.

[^] All units rigid built with the exception of our oven and fridge freezer housing units, which are supplied as flat pack to minimise possible damage during transportation.

* Glazed units are supplied with glass shelves.

design & planning

IT TAKES DESIGN FLAIR AS WELL AS CRAFTSMANSHIP TO CREATE A DREAM KITCHEN, AND THROUGH YOUR TRADE PROFESSIONAL YOU HAVE FREE ACCESS TO MAGNET TRADE'S EXPERT PROFESSIONAL KITCHEN DESIGNERS AND PLANNERS.

L-shaped, U-shaped or galley style, they'll be delighted to measure up your space and create a plan that makes the most of its dimensions. They'll also incorporate the latest thinking on ergonomics to ensure your kitchen is practical and user-friendly as well as beautiful – positioning your units and appliances perfectly.

Better still, they'll then create a superb 3D photo-quality drawing so you can see exactly how fabulous your new Magnet Trade kitchen will look.

FINISHING TOUCHES

Once you've agreed on your design and layout, it's time to create a truly individual kitchen. The perfect way to do that is by including a selection from Magnet Trade's wealth of innovative accessories and thoughtful finishing touches in the original plans to make sure your kitchen is perfect right from the start.

Be sure to include essentials such as the cutlery tray and a hideaway bin. Explore life-enhancing luxuries such as integrated wine and spice racks. Eco-bins are definitely a wise idea in these environmentally aware times. There's discreet and practical pull-out or swing-out storage too - and don't forget what a difference carefully chosen and positioned lighting can make. Turn to page 91 for full details.

Talk to your Trade Professional and our design team and the possibilities will amaze you.

craftsmanship with a future

You can rely on craftsmanship and impeccable attention to detail when you choose a Magnet Trade kitchen. All our kitchens are rigid construction, built by craftsmen in our own factory here in the UK. Take a look at our standard and soft close cabinet specifications detailed on pages 14 and 15 and you'll see the solid qualities that ensure your new kitchen will stay looking good and working hard long into the future. No wonder we're able to offer such a comprehensive 15-year guarantee.

YOUR ASSURANCE OF QUALITY

All Magnet Trade kitchen ranges and worktops have been awarded the British Standards Institute Kitemark Licence number BS6222 and KM34012 Part 2 level 'H' specification (Heavy Domestic Use). Most of our kitchen ranges also carry F.I.R.A. Gold Award certification, an independent guarantee of product quality and craftsmanship.

YOUR 15-YEAR GUARANTEE

Thanks to the lasting strength of our rigid construction method, with edges sealed to prevent water ingress, each kitchen cabinet carries a 15-year guarantee. All sink units and corner floor units are now universal, while all appliance housings and corner units are flat pack.
